

PR300

JAYLINE 

# PR300

## Ultra Low Emission Burner & Rural Models Available

The 2023-release Jayline PR300 (Portrait Radiant 300 series) brings the latest designer wood fire to New Zealanders at unbelievable value. With elegant lines and an elevated profile, the PR300 provides environmentally-friendly ultra low emission burner performance with all the most sought-after fireplace features. Enjoy its large flame window, storage drawer and 8mm enhanced cooktop, finished with a stunning Antique Beech handle.

**Unique External Air design** - the PR300 comes fitted with an external air intake to offset negative air pressure and improve user experience and running economy. A great choice for new and passive homes.
